

Maths

Number

- doubles facts
- develop conceptual subitising skills
- compare quantities and numbers, including sets of objects which have different attributes

Numerical Pattern

- odd and even numbers
- doubles

Shape, Space and Measure

- doubles facts

Literacy

Literacy – Path to Success (Play With It, Use It, Develop It, Connect It, Experience It)

Read, Write Inc Phonics – ‘Hold a Sentence’ and transcribe it

Talk Through Stories - The Giant Jam Sandwich, Billy and The Dragon, George and the Dragon

Incl. Closing the Word Gap and Poetry Basket

Relationships

Building Positive, Healthy Relationships

We will revisit ‘My Family and Me’ and establish the role we play within our family. Our friendships will continue to thrive and we will identify key features of what makes a good friend. This will include how to respect each other and how to help each other to solve problems.

Festivals and Celebrations

Fathers day, St. Georges day, Eid Mubarak

- We will look at and talk about the male role models in our lives.
- We will learn about how people celebrate St. George’s Day and recreate the St. George’s Cross.
- We will learn about Eid and find out what a mosque is and how the end of Ramadan is celebrated.

Where shall we go and how do we get there?

London, England

- We will use atlases, globes and Google Maps to locate London.
- We will discuss our own experiences of visiting the capital city and what we might pack to go on a trip there.
- We will find and discuss various famous London landmarks and have the opportunity to recreate some of them using using different types of materials and resources.

World of Work

When I Grow Up I Want to be...

- We will explore a range of different jobs that adults do, locally and worldwide.
- We will discuss our own interests and the jobs that might build on those interests in the future.

Growing and Changes

Life Cycles

We will learn that a Life Cycle is the journey of a living thing from the beginning to the end. We will focus particularly on the life cycles of chicks and tadpoles and study the different life stages. We will also refer back to our previous learning about the life cycle of a daffodil and consider the similarities and differences.

Fabulous Food

Food From Around the World.

- We will talk about and taste different foods/fruits that are from around the world and vote on our favourite.
- We will discuss the importance of water to everyone. We will use books and pictures to help us consider how people in different countries get their water.

My Life

The Queen and the King

- We will explore who King Charles is and where he lives. We will take a virtual tour of Buckingham Palace and discuss royal artefacts that kings and queens might use and wear. We will make crowns and take part in a royal procession.

Animals

Habitats

- We will introduce the children to different kinds of plants, animals, weather and more as we learn about different animal habitats.
- We will go on a minibest scavenger hunt and observe minibeasts in their natural habitat. We will draw and label our findings.
