March 2022

Tree Planting - a huge success!

A huge thankyou to all those children who took part in the tree planting this term. It was great fun and all children approached the task with great enthusiasm and dedication. Well done! Together we planted over 200 saplings and nearly 100 hedge plants to improve the school environment, support wildlife and do our bit to tackle climate change. We developed our current 'woodland area', planted hedges around our story circles and planted a buxus hedge at the key stage 2 end of the school.

Well done to our Bird-watchers

Thanks to all those who gave an hour of their time to count the different types of birds they saw in their garden. Many of our Key Stage 1 undertook the challenge at school and we are proud of their efforts.

Ings' Litter Pickers step forward

In order to make our school a litter free zone, we are setting up litter picking teams of children this half-term. So far over 100 children have volunteered to take part. If you are a parent/carer of a child who is taking part, Mr Bell will be getting in touch after the half-term break to let you know how this will work and how we will keep your child safe whilst doing this valuable task.

COMING SOON..

The Great Big School clean (25th March - 10th April)

Ings will be taking part in this in association with the Keep Britain Tidy Campaign - If every child who attended school in the UK pledged to pick up just one bag of litter during the Great Big School Clean, we could remove 10.3 million bags of litter from our natural environment. More information to follow in Spring 2.
